THANK YOU!!!

Island Rec has FANS from all walks of life!

That's because Island Rec touches all of our lives through its diverse programming, parks and special events. All ages. All sorts of interests. If you haven't done so lately, check out islandrec.org for all that lies just around the corner...

So where does FANS fit in? With your help, we raise money every year so that Island Rec can defray some of its programming costs, sponsor special activities, and deliver its offerings at a price that everyone can afford through scholarships like Learn to Swim and FANS Fund.

Our kids have benefited hugely from swim lessons through Island Rec. Our four-year-old has made huge strides since starting with these lessons and is now confident and comfortable in the water. Now it's one of his favorite activities! We can't thank FANS and Island Rec enough for offering affordable access to swim lessons so that kids in our community can learn this important life skill." - Tessa

For example, with a donation of just \$50 Island Rec can offer two Learn to Swim scholarships. With a donation of \$100, a family can enroll two children in the STAR after-school program. We hope you'll show your support by becoming a new FANS Club member or renewing your annual membership today!

The mission of Families and Neighbors Support Island Rec (FANS) is to enhance park and recreation facilities and programs for San Juan Island residents by promoting goodwill and broadening the funding base of San Juan Island Park and Recreation District (Island Rec).

Our son has enjoyed swimming with Amy since he was old enough to get in the pool. Without swimming during the winter months at the Health Club many of the Island kids would have a tough time learning during their youth. Swimming is such a crucial skill for people to have in life. Please continue this program and make it equally as important as any educational endeavor for the children. Swimming is a lifesaver!

-Sean
